

Product description:

Support agreement: A2DP, AVRCP, HFP, SPP HID

Receive the working current: 43 ma or less

Launch working current: 60 ma or less

Standby current: < 18 ma

Built-in battery: polymer 600 mah

Charging current: 300 ma

Battery life: st13 8 h

Bluetooth distance: st13 10 m (open)

Charging ways: Micro USB 5 v / 0.5 A

Output connection mode: 3.5 MM stereo interface

Input connection mode: 3.5 MM stereo interface

Compatibility: android, IOS mobile phone and PAD, and all the bluetooth audio equipment, audio equipment with audio input interface

- embedded ARM926EJ - S core, 4 KB Icache and 4 KB Dcache

- support stereo codec

- support HFP, HSP, A2DP, AVRCP, and SPP configuration file

- Noise reduction and echo cancellation

- multiband equalizer configurations

- support hidden packet loss

- multi-point HFP and A2DP

- support voice prompt

- integration of lithium battery charger supporting 300 ma quick charge and discharge protection

Function description:

Support audio input audio equipment, wireless audio receiver transmission

Realization of automatic search to connect bluetooth device, low support launch wireless audio transmission

Built-in AEC echo elimination with ANC noise elimination circuit, stereo, sound quality is more pure

Built-in enhancement signal circuit, fast connection more stable continuous tone

Low compatible double lossless audio formats

Support the AUX OUT, Earphone

Automatic memory connection function, operating more simple, more convenient connection

Built-in battery, super long battery life

Low bluetooth 4.0, low power consumption

Human voice prompt, the operation is simple and clear

Compatible with low intelligence, android, IOS mobile phone and PAD, and all the bluetooth audio equipment

Low to support a phone connection

Is the product of simple connection, no drive and download of the APP;

The size and weight:

Size: 97 x58x 8.2 mm

(bare) weight: 40 g / 120 g (machine)

Attachment:

1 x B6 bluetooth transceiver all-in-one

1 x 2 audio line

1 x 3.5 MM audio line

1 x Micro USB power supply line

1 x operating instructions

1 x neutral packing
