

The new Weller® WSA350EU Smoke Absorber

Make Your Benchtop a Smoke-Free Zone

The new Weller® WSA350EU Smoke Absorber removes the stronger fumes created by today's lead-free solder fluxes. While the introduction of lead-free solder has created a healthier environment for everyone who works with solder, the more active fluxes required give off more fumes than ever before. The new Weller WSA350 Smoke Absorber is the perfect solution for this smoky problem.

The WSA350 removes flux fumes from the bench top by drawing the smoke through an activated carbon filter. Powered by an exceptionally quiet fan, the WSA350 can process up to 1.37 cubic meters of air per minute. The collector can be easily adjusted to multiple positions, optimizing its fume-absorbent performance. It's time to clear the air.

WSA350EU Smoke Absorber

Technical Specifications:

| | |
|------------------------|---|
| Voltage | 230 V |
| Sound Level | 45-50 dB (A) |
| Power Consumption | 20 W |
| Absorption Capacity | 1.25 m ³ /min. (50 Hz) to 1.37 m ³ /min. (60 Hz) |
| ESD safe? | Yes |
| VDE / CE certificated? | Yes |
| Spare Filters | 3 pieces incl. |

WSA350F Filter

Specifications:

| | |
|--|-------------------------|
| Filters per pack | 3 |
| Size | 130 mm x 130 mm x 10 mm |
| Activated carbon content per filter | 9 g |
| Maximum capacity for noxious components per filter | 2.5 g |

| Code No. | Description | EAN |
|----------|---------------------------|---------------|
| WSA350EU | Smoke Absorber | 4003019253586 |
| WSA350F | Spare Filter for WSA350EU | 037103212276 |

Filter WSA350F
