

SME SONOFF WIFI LED TOUCH 3 GANG

The Sonoff T1 Wall Touch Switch series are 1-3 gang 86 type touch/App/ RF control luxury smart light switch. The wireless wall switch can be added to iOS/Android App eWeLink via WiFi, allowing users to remotely turn on/off connected lights or appliances separately from anywhere at any time. After successfully learning codes with 433MHz RF Remote, the touch light switch can be turned on/off indoors. Upgrade your home to an elegant smart home, control anywhere, anytime!

Note: the T1 should be powered up through Live and Neutral cables.

With the App eWeLink, you can create scheduled/countdown timers to auto-turn on/off devices at the specified time. You can also create scenes to turn on/off all the devices in your house with one tap.

The smart wall switch works perfectly with Amazon Alexa, you can ask Alexa to turn it on/off.

Works With Amazon Alexa

Standard voice control commands phrases for Sonoff T1 (if you just say the device name, Alexa will turn on/off all the 4 gangs immediately):

Alexa, turn on {deviceName}

Alexa, turn off {deviceName}

Alexa, turn on {deviceName} {gangName}

Alexa, turn off {deviceName} {gangName}

Explanation: if the device name of your Sonoff T1 3 Gang switch is "My Switch", the gang name is "Gang 1", then you can contr
