

# FGSD-002

Smoke detector

Wireless

Automatic installation with Z-Wave

Internal antenna

It includes temperature sensor

1 battery CR123A 3.0V

Fibaro

Smoke detector

Wireless

Z-Wave

Internal antenna

It includes temperature sensor

Wall or ceiling installation

Efficiency test conducted every 10 seconds to detect possible malfunction

LED indicator and warning Siren

Power supply 1 battery CR123A 3.0 V

Automatic installation using service button

# Specifications

Brand	Fibaro
Transmission distance	? 50 m (in open space)
Frequency	868.4 MHz (Z-Wave compatible)
Sensitivity	1.2±0.5% obs/ft   1.8±0.5% obs/ft   2.8±0.5% obs/ft
Sound pressure level	85 dB / 3m
Temp. operation	0° C ~ +55° C
Temperature measurement range	-20° C ~ +100° C
Accuracy of temperature measurement	±0.5° C (within the range 0° C ~ +55° C)
Power supply	1 battery CR123A 3.0V
Dimensions	28 (H) x 65 (Ø) mm
Weight	55 g
