

Technical Data Sheet
CRAMOLIN DEGREASER
Art.-Nr. 106

Appearance:	clear, colourless liquid
Odour:	characteristic, that of solvents
Density at 25° C: [g/cm ³]	0,83
Flash point: [° C]	< 0
Residue:	none
Material compatibility:	good
Evaporation:	average
Viscosity: [cP]	0,5
Surface tension: [mN/m]	27

DEGREASER is a special mixture of various heavy-duty solvents to remove oil and greases from electrical and mechanical equipment quickly and reliably. It also removes wax, dirt, moisture and other heavy soiling. **DEGREASER** evaporates and leaves the surface clean and dry without any residues. Due to its low surface tension **DEGREASER** penetrates into inaccessible areas and thin cracks, removing the contamination and moisture. Therefore it improves the performance and prolongs the lifetime of the equipment.

Application

DEGREASER is suitable for degreasing of installations, appliances and components. Particularly suitable for electric motors, high-voltage switchgear, cables, switchboards, cables, wire ropes and chains. However, it is equally suitable for the cleaning of mechanical equipment such as brakes, clutches, air tools, air conditioners and compressors.

Directions

Spray **DEGREASER** thoroughly on surfaces to be cleaned. Ensure uniform wetting of these surfaces. Adjust quantity of **DEGREASER** to degree of dirtiness. For spots of difficult access, use the attached extension tube. Spray at intervals, avoid continuous spraying.

Warning

Do not use **DEGREASER on components under voltage. Prior to switching on the appliances, allow for solvents to evaporate. If **DEGREASER** is to be used on painted or plastic surface, we recommend as a precaution to test compatibility on a small area.**

Note: Although the information and recommendations set forth herein are presented in good faith and believed to be correct as of the date hereof, CRAMOLIN makes no representation as to the completeness or accuracy thereof. Information is supplied upon the conditions that the persons receiving the same will make their own as to its safety and suitability for their purpose prior to use. In no event will CRAMOLIN be responsible for damages of any nature whatsoever resulting from the use of or reliance upon information.
