

RAT REPELLENT SPRAY

Spanjaard Rat Repellent Spray is a blend of odorous essential oils to naturally deter rats, mice and other rodents without causing harm. The pungent formulation confuses the sense of smell and masks pheromone trails. Non-toxic and safe for indoor and outdoor use.

APPLICATIONS

- Prevents rat damage to intricate components in engine compartments including protection of plastics, rubbers and wiring.
- Convenient spray application keeps rodents away from even hard-to-reach areas.
- Provides beneficial cost-savings by avoiding expensive repairs associated with the ingress of rats.

DIRECTIONS FOR USE

Spray over surfaces that exhibit traces of rodent activity and around possible rodent ingress points. Spray inside the engine compartment of vehicles as a preventative measure to protect wiring and other rubber or plastic parts from costly rodent damage. Apply regularly until signs of infestation are gone.

FEATURES

- 360° valve technology allows spraying at all angles, including upside down, for hard-to-reach areas.
- A distinctive, non-toxic fragrance. Unappealing to rodents.
- Compatible with plastics and rubbers.

Revision: 030223
