

NETOGY

MINI 13200mAh IN-LINE UPS WITH Y-CABLE UPS30

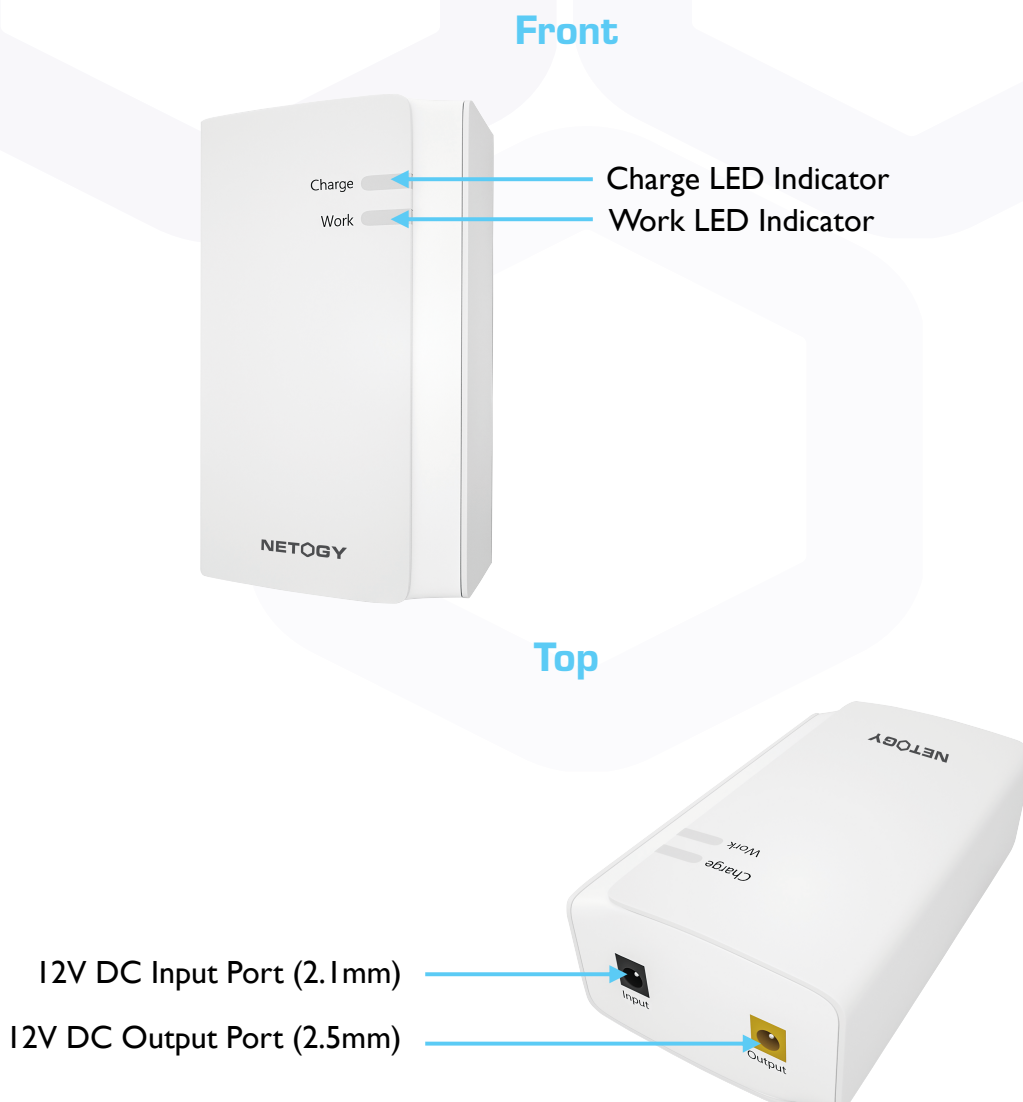

Overview

The Netogy UPS30 Mini In-Line UPS delivers continuous power to small DC devices, like modems and routers during power outages.

Features

-  Emergency uninterruptible power supply - perfect for load shedding.
-  High-output power (30W).
-  High-capacity (13200mAh) Lithium-ion battery.
-  Safeguards against power surges, spikes, dips and failure.
-  Protects voltage sensitive devices.
-  Intelligent voltage regulation.
-  Provides backup power between 4 to 10 hours (dependent on the number of connected devices).
-  Includes Y-Cable to connect to 2 devices, such as a Wireless Router and Fibre ONT.

Product Appearance

Suitable For*

The Netogy UPS30 Mini 13200mAh In-Line UPS delivers continuous power to small DC devices like modems and routers, during power outages.
