

Technical Data Sheet
CRAMOLIN SCREEN
Art.-No. 132

Colour:	white foam
Density: [g/cm ³]	0,84
Odour:	characteristic
Foam stability:	excellent, several minutes
Compatibility with materials:	glass, metal, most plastics, e.g. PVC, acrylate, polycarbonate, polamide, ABS excellent

SCREEN contains special dissolving substances to remove dirt and greasy films from glass, plastics, ceramics and metals. The additional antistatic effect noticeably prevents new soiling. **SCREEN** cleans gently and does not attack any material in common use. It will not smear, stain, scratch, streak or abrade.

Application

SCREEN removes dust, grease, dirt, fingerprints and nicotinedeposits efficiently from computer, terminals, office and photographic processing equipment, graphic art tables, TV picture screens, mirrors and glass of all kind. It also improves the optical clarity and distortion-free reading. Its antistatic agent prevents renewed soiling.

Directions

Shake can before use. Spray thoroughly on surface to be cleaned. Allow the product to act and wipe off with a lintfree cloth. To maintain the antistatic action repeat the procedure at regular intervals. **Do not spray on a naked flame or any incandescent material - No smoking.**
