

Solar LED Floodlights

With Remote Control

Technical Datasheet

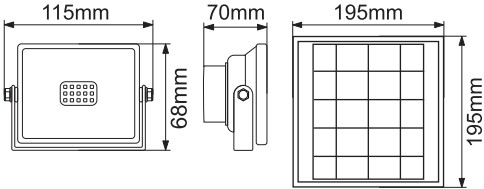

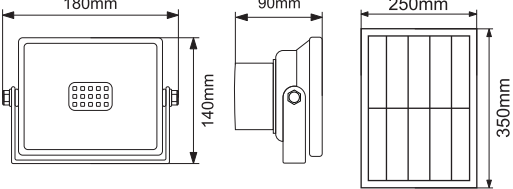

SFR105 & SFR210

These IP65 Solar Powered LED based floodlights have been designed as a replacement for traditional floodlights. These floodlights come with a lithium phosphate battery which puts out a higher voltage for higher lumen output and are more effective than lithium iron batteries. These floodlights come with a remote control giving you options such as 100% or 50% power, timing options and automatic activation.

Features:

- High Power Lithium Phosphate Battery
- High Power Aluminium Solar Panel
- Resistant to Rust
- "On", "Off" & "Auto" Modes
- Remote Control for Easy Mode Selection (5 - 8m range)
- 100% or 50% light output optional
- Timer function with 3 hours, 5 hours or 8 hours if required
