

# TFT / LCD Screen-Cleaner

## Introduction

Technical sprays are used in nearly all sectors of modern industry. These sprays are used for care and protection of surfaces, for cleaning, degreasing, dissolving and separating and are essential in daily business.

A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.

WEICON TFT/LCD Screen Cleaner is the ideal product for the cleaning and care even of sensitive plastic and glass surfaces.

WEICON TFT/LCD Screen Cleaner removes dirt, dust, grease and nicotine and cleans carefully without leaving residues. Its antistatic effect provides a dirt and dust-rejecting surface.

### Applications

- All kinds of thin film transistor and liquid crystal displays (e.g. computers, notebooks, television sets, mobile phones, copiers, scanners, touch screens)
- Plastic casings of computers, scanners, copiers or television sets

## Technical data

Colour	white
Odour	almost odourless
Temperature resistance	--- °C
Shelf life (minimum)	24 months
Special features	Also suitable for sensitive plastic and glass surfaces

## Processing

Spray in sufficient quantity onto the part to be treated and allow to react. If necessary, wipe off with a clean cloth. Repeat process as required. Avoid contact with plastic and varnished surfaces.

## Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

## Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation.

We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended.
