

Model

XY WIFI CAM ODBIP36

Main Processor Industrial embedded microcontroller GM8135S-QC

Operating system Embedded LINUX operating system

Video & Audio

Image sensor	2.0MP CMOS
Video format	H.264, AVI
Image resolution	1920*1080 / 640*480
Image quality	Automatically Exposure & White Balance, 2D/3D Noise Reduction
Video function	OSD, motion detection
Min Illumination	0.1Lux/F1.2, 0Lux/IR On
Grab function	Support
Video flip	Support
Audio coding	AMR
Audio I/O	Support

Recording management

Video mode	Manual, Motion detection, Timer and Alarm recording
Storage	Micro SD card, Max 64GB
Remote playback	Support
Remote download	Support
Alarm	Video push, Speaker alarm, Alarm recording, Grab, Sending email

Network

Wired Ethernet port	1*RJ45 10/100M adaptive Ethernet port
Network connection	802.11b/g/n, wiring connection
Stream	Tri-streaming
NIV	Support TCP/IP, ONVIF, RTSP etc
Phone clients	Support iPhone, iPad, Android
Business functions	Support IE6.0 and above (equipment embedded Web Server) browser, support front end storage playback/ download, support unit client software, support CMS platform system application, supply SDK

Camera

Focal length	3.6mm 2.0Mpx Fixed Lens
Infrared light	3 units Array LED, 10 meters

General

Power Supply	DC12V/2A
Working Environment	-20°C~+60°C
Language	English
Humidity	Relative humidity below 90%
