

Features:

- Recharges 1-4 pcs size AAA, AA, C & D batteries(Ni-Cd: 4 hours, Ni-MH: 7 hours).
- Standard charge for 2pcs 9V cells.
- Automatically selects the correct charge/discharge rate for the different sizes of batteries.
- Combined with discharge function - batteries have been fully discharged prior fast charge, result in full capacity of batteries and prevent the so called "memory effect".
- When all the batteries have been discharged, the charging process will automatically begin.
- Prevent over charging by a built-in electric timer - automatically changing from "FAST" charge to "TRICKLE" charge.
- LED lamp to indicate proper discharge, fast charge & trickle charge.
